OFFICE OF THE MAYOR CITY OF LAKE ELSINORE MAYOR NATASHA JOHNSON NEWSLETTER

I hope this newsletter finds you in good health and high spirits. I want to share some exciting updates and achievements from our vibrant community.

ICSC Conference in Las Vegas

I recently had the honor of representing Lake Elsinore at the ICSC Conference in Las Vegas. This prestigious event brought together industry professionals, leaders, and innovators from around the country to discuss the latest trends and developments in the retail and commercial sector. It was a fantastic opportunity to showcase the potential and growth of our city to potential investors and collaborators.

Carl Graves Scholarship Recipients

I am thrilled to announce the recipients of the Carl Graves Scholarship, awarded to five exceptional students from our local schools. These scholarships provide \$4,000 per year for four years to support their college education. The deserving recipients are as follows:

Amanda Romero and Eric Zezula from Elsinore High School
Kayln Kielty from Lakeside High School
Connor McEvilly from Lakeside High School
Xuxuan Jin from Temescal High School

We congratulate these talented individuals and wish them success in their future endeavors. The Carl Graves Scholarship demonstrates our commitment to supporting our students and investing in their bright futures.

Student of the Month End of the Year Dinner

The Lake Elsinore Valley Chamber of Commerce recently hosted the Student of the Month End of the Year Dinner, where we celebrated the achievements of our exceptional students. Throughout the year, our Student of the Month Program recognized seven outstanding students from the Lake Elsinore Unified School District each month, culminating in the Student of the Year Award Ceremony held in May. We were proud to have the opportunity to honor these students for their hard work and dedication.

Additionally, the event showcased the culinary talents of the Lakeside High School - Home of the Lancers Culinary Arts Students, led by the talented Todd Naylor. They prepared a delightful meal, served with care, and provided a warm atmosphere for our Student of the Year honorees, their families, and special guests. We applaud the efforts of these students and their commitment to excellence.

Summer Concert Series at Launch Pointe

Mark your calendars for an exciting event this summer! Our highly anticipated Summer Concert Series will be held every Thursday in July at Launch Pointe in Lake Elsinore. Building on the success of last year's inaugural event, this year's lineup promises to be even more entertaining. We have scheduled a 90's show band, a Fleetwood Mac and Garth Brooks tribute band, and a vibrant salsa and cumbia night. Join us for unforgettable evenings filled with music, fun, and community spirit.

Downtown Lake Elsinore Eats Festival and Concert

Finally, I am delighted to share the incredible success of the Downtown Lake Elsinore Eats Festival and Concert. This event took place in May and brought together residents and visitors alike to celebrate our diverse culinary scene and enjoy live music performances. The festival created a vibrant atmosphere in our downtown area and showcased the talents of our local chefs, artists, and musicians. Thank you to all who attended and made it a resounding success.

As we continue to move forward, I am inspired by the enthusiasm and accomplishments of our community. Together, we are shaping Lake Elsinore into a city of opportunity, growth, and cultural vibrancy.

Wishing you all a wonderful summer filled with joy, togetherness, and the spirit of #ElsinoreStrong.

Warmest regards,

Mayor Natasha Johnson

LEGISLATIVE UPDATE

SWCLC Southwest California Legislative Council

As we get through May, there is a lot of activity in Sacramento! We're just two weeks away from the House of Origin Deadline, when bills have to be through the house they started in- so Assembly bills have to pass through committees and the Assembly floor, and Senate bills through their committees and floor vote.

We've taken positions on labor issues from sick leave to background checks, infrastructure policies that would make it harder to address regional highway needs, housing and energy issues that affect affordability, and so many more. A full list of our current bill positions can be found on our website at: www.southwestca.org

We did have a big win sidelining AB 1000, the warehouse setback bill in committee, so the 1000 ft setback requirement that would have essentially stopped all large

new warehouse construction and hurt our regional logistics industry won't be an issue for 2023- it was however granted reconsideration for 2024. SWCLC played a key role in working with our legislators to vote no in committee.

This month we took a delegation to Sacramento and met with 6 of our Riverside County legislators, sharing our bill list of support and oppose positions, talking about infrastructure and workforce issues that are important to our region. We had productive discussions and ensured our regional voice for business was heard.

Closing out with a few highlights out of the Governor's office- the May Revise of the budget found that instead of a \$25 billion defi-

cit we in fact have a \$32 billion deficit. Newsom assured Californians that there wouldn't be tax increases to cover the shortfall, so expect a number of budget shifts and accounting tricks to be in play when we see budget trailer bills in the coming months. In addition to the budget, the Governor announced a number of proposals for CEQA reform to build large infrastructure projects. Right now, we have an executive order creating a strike team to address the issue, and a number of bills this summer to detail out the potential reforms.

As always, we invite you to attend the Southwest California Legislative Council meetings, now back to in-person meeting the 3rd Monday of every month at the Southwest California Association of Realtors offices in Murrieta. Contact your local Chamber of Commerce for more information. www.southwestca.org

THE LAKE ELSINORE HOUSING JOURNAL

ADAM A. RUIZ FOR THE SOUTHWEST RIVERSIDE COUNTY ASSOCIATION OF REALTORS®

Welcome to another edition of the REALTOR® Report! This is always a busy time of year for me and those REALTORS® that also participate in our State and National Legislative Meetings advocating for homeownership and private property rights. With the housing market continuing to face challenges, we must continue fighting the good fight and making our voices heard, especially to our lawmakers who have an influence on potential changes!

Last week, over 2,500 REALTORS® attended our annual Legislative Day in Sacramento. We were all there to meet with our Senators and Assemblymembers on a couple of hot issue items and to remind them how vital increasing supply and affordability is to our communities. Last month, I mentioned the California Dream for All Program, a shared equity down payment assistance program funded by the State. Even though \$500 million was previously approved in the budget, the governor cut the program to \$300 million, and the money ran out in just 11 days! During our meetings, we asked for the entire budgeted amount to be made available as it's clear there is a high demand for the program. Additionally, the Democratic Senate Caucus has introduced its budget for next year, and there is an ask of \$800 million more for the program. So if we can help push our legislators, that's \$1 Billion in funding for this program! We also discussed a bill that would weaken and eventually eliminate the Costa Hawkins Rental Housing Act, dramatically expanding the number of properties subject to extreme rent control. We already have statewide rent control and know how bad it is for communities. In fact, most of the time, it has the opposite effect that those advocating for it intend. Rent control reduces incentives for landlords to maintain housing, reduces incentives for developers to build new housing, and decreased supply often raises rent prices, to name a few. So it was important that we shared this data and asked our Senators and Assemblymembers to oppose this bill.

I attended a great meeting today that discussed inflation and the national debt ceiling. It wasn't the most positive meeting, but it was very informative. Some of the key takeaways are as follows:

- There is no argument raising the debt limit needs to be done, but how to get there remains a political challenge.
- If the debt ceiling isn't raised by the June 1 deadline, we could see an instant recession. (A recession was mentioned multiple times, but all agreed it would be mild and short-lived.)
- Feds may have to raise rates again. Not because they want to, but to continue their effort to calm spending to combat the rising inflation
- While housing is just 5-6% of the GDP, the products and services that accompany it significantly impact the economy.
- The economy will be at the center of the 2024 Presidential Election

Let me be clear. These are just the comments and thoughts made at this forum, not my personal thoughts or a guarantee of what's to come. But with my report coming out and having just attended the meeting, I wanted to share it with all of you.

Now, let's take a closer look at the numbers for our region from April 2023.

The median home price in Southwest Riverside County increased 2% from the previous month (\$569,000/\$560,000), but it remains down 5% from a year ago (\$600,000). Comparing the median price to where it was 2 years ago, it has increased by 10.5% when the median price was \$515,000. Unsold inventory remained at 3 months (6 months is considered a healthy market), and the median time on the market decreased again by 9% to 21 days. This is up from 7 days last year and significantly higher than 2 years ago when it was just 5 days. After an increase last month, unit sales decreased by 16%

from the previous month and are down 42% from last year. Unsold inventory increased from the previous month by 3% but is down from last year, with a decrease of 6%. Median prices declined in all but one city in the region, with a total median price variance from -12.8% to 0.5%. As I mentioned last month, one of the factors in median price decreases is the slowing of higher-priced home sales. In April 2022, 204 homes sold for over \$750,000, while only 80 homes at that price point sold in April 2023.

I hope I have covered everything that affects you and your business. Please let me know if I left anything out or if you need anything explained further.

As always, I am available if you have any questions about the report. Until next month...

HOW INSOMNIA MAY HURT YOUR HEART

Not sleeping well or consistently enough can affect your heart in these ways.

Having trouble falling or staying asleep? If so, you're among the millions of people who experience insomnia. This common sleep disorder may only happen occasionally, or it may be chronic. The lack of quality sleep it allows you to get not only makes you feel lousy and zaps energy levels, but it can be bad for your heart.

Here are some reasons why poor sleep affects your heart:

- **Blood Pressure**

When you sleep, your blood pressure goes down. If you don't get enough sleep, your blood pressure stays elevated for longer periods of time. Over time, this may lead to high blood pressure. Having high blood pressure is no joke—it's one of the leading risk factors for heart attack and stroke.

- **Unhealthy Habits**

In addition to affecting blood pressure, a lack of sleep may also lead to higher levels of stress. Chronic stress contributes to cardiovascular disease. Not sleeping well may also cause you to turn to unhealthy lifestyle habits, such as being more sedentary and making unhealthy food choices. These habits may negatively affect your heart health.

- **Sleep Consistency**

Not getting enough sleep is not the only sleep issue that affects your heart. One study found that people who slept varying amounts of time each night and went to bed and woke up at different times throughout the week were more likely to have hardened arteries than people with more regular sleep patterns. Another study found that people with erratic sleep schedules were nearly twice as likely to develop cardiovascular disease compared to people with more regular sleep schedules.

The link between sleep and heart health is strong enough that the American Heart Association has included sleep duration as an important factor necessary for maintaining cardiovascular health. And don't think that if you haven't been sleeping enough, you can simply make it up over the weekend or when you're on vacation. It doesn't appear to work like that. It's important to not only get enough sleep, but to do so on a consistent basis, night after night.

Need help sleeping better? Here are tips that may help:

- **Stick to a regular sleep schedule**

Go to bed and wake up at the same time each day.

- **Get some sun**

Go outside, especially early in the day, to tell your body it's time to wake up.

- **Do some exercise**

Physical activity helps improve sleep, but don't do it too close to bedtime.

- **Don't eat too late**

Especially avoid caffeine, alcohol, sugar and high fat foods.

- **Avoid blue light**

Don't use your phone, iPad or computer before going to bed.

- **Create a comfortable sleeping environment**

Keep your space cool, dark and quiet.

This message is brought to you by your friends in healthcare at Southwest Healthcare, which operate Inland Valley Hospital in Wildomar and Rancho Springs Hospital in Murrieta. For a free physician referral, call 1-800-879-1020.
